

Connecting Through Story

Engaging local communities through fine art photography and shared narratives.

01

Connect

Initiate relationships with local community members to understand their stories.

02

Interview

Conduct in-depth interviews to gather personal narratives and insights, shaping the content creation process and fostering connections.

03

Object

Capture detailed photographs of meaningful objects that represent individual stories and community connections, with emphasis on authenticity.

04

Post-Production

Edit and enhance photographs thoughtfully, ensuring each image resonates with the narrative and reflects the community's essence.

05

Exhibit & Share

Display the completed work in a local exhibition, inviting community engagement and dialogue around the stories represented through art.
